TEDxYouth@Vail-Rise Up-Where radically real ideas are delivered by youth and prominent figures in our valley. This event, organized solely by the valley's youth, boasts ideas worth sharing that will open your mind to intimate revelations, brilliant creativity, and deep data. You'll find live speakers, hands-on activities, hand-picked TED Talks and fascinating conversations with designers, technologists, cancer survivors, advocates, performers, and more! Ten speakers will share short talks in two sessions on how they Rise Up, serving both as a source of knowledge and inspiration for youth in the Vail Valley. Ever wanted to see a TED Talk?
