Parent Guide To School Transportation

Dear Parent or Guardian,

Welcome to a new school year!

Transportation is a privilege that Eagle County Schools is proud to offer to our students. The primary objective of the Eagle County Schools (ECS) Transportation Department is to safely transport students to and from school. It takes cooperation and responsible actions by each student, parent, teacher, school administrator and the Transportation Department to achieve this goal. Our drivers are required to meet stringent training standards that exceed State and Federal regulations. We rely on all students, with the support of their parents and/or guardians, to follow procedures that contribute to the safety of everyone on the bus.

Students that ride the bus are required to have a Smart Tag bus pass to ride. This is for the safety of all students that ride, plus allows for proper loading counts to avoid over loaded buses. There is also a web-app that allows you as a parent to see when and where your child gets on and off of the bus. Bus passes contain an RFID chip and are very sensitive so please be sure to keep them in a safe location. Cards that have obvious damage (chew marks, obvious scratches, etc.) will not be replaced without a charge. For more information on charges and the Smart Tag web-app please see the info that follows.

Because most students will ride one of our buses during the school year, for sports, field trips or extracurricular activities, it is important for you to review the attached **Bus Rules, Infractions and Consequences with your student(s)**. It is the expectation of Eagle County Schools that any student using school transportation is aware of all rules and safety standards that are required to ride the bus.

Please make sure that your child's school has updated contact information (working telephone number, physical and email address) for you in case of emergency. If you have any questions about any of these items, please call the Transportation Department at **970- 401-9464**.

Most students do a great job contributing to the safety of their buses. The daily bus ride is part of our students' education in learning to be good citizens by taking responsibility for their own behavior, safety and the safety of the other students on the bus. As Eagle County Schools continues to grow, we need your continuing help to make sure that all students riding on our buses are as safe as possible.

Thank you for your assistance,

Melanie McMichael
Director of Transportation

Consequences for School Bus Infractions

All bus suspensions are school days.

Bus suspension applies to bus routes, field trips, and athletic trips.

Subsequent infractions are cumulative from the original infraction. However, a warning might be given for one type of infraction, and a suspension may result from another type of infraction.

In all cases a Bus Conduct Form will be given to the student to be discussed with parent/guardian, signed and returned to the driver. This form explains the behavior problem and the resulting disciplinary action. The form **MUST** be signed by parent and returned to the driver before the student may resume riding the bus.

Contact will normally be made by telephone. However, due to differing schedules and the fact that some families have unlisted numbers or no telephone, phone contact is sometimes difficult. Drivers will leave a message if an answering machine is available.

Transportation will mail a copy of the Bus Conduct Form to the parent/guardian only if the conduct report is not deliverable to the student.

Bus suspensions given at the end of a school year will be enforced and completed in the following school year.

Elementary (grades k-5) Infractions:

First offense

Phone call will be made home by the transportation department; School administrator notified of student receiving first bus incident report.

Second offense

Zero Tolerance Behaviors

Eagle County Schools has adopted a zero tolerance policy for certain behaviors that are of a severe nature. The following consequences have been adopted by the Transportation Department and approved by the Eagle County Schools administration.

Bus suspensions due to vandalism will require that appropriate arrangements for restitution be made by MONEY ORDER prior to re-establishment of riding privileges.

Should police involvement be necessary the consequences may be excelled to suspension for the remainder of the school year to commensurate with the infraction.

Note: Students that are variance/transfers or in an after-school program will be allowed 1 warning call to parents before losing all transportation privileges for the remainder of the school year.

Bus Suspension is NOT School Suspension

Note: Student's suspended from the bus and riding the bus as a variance student will lose all bus privileges for the remainder of the school year.

Appeals

If a parent wishes to appeal a decision to suspend a student from the school bus, the following procedure shall apply:

- A. The parent must request that a conference be scheduled.
- B. At least one parent must attend the conference, as well as the student, the Transportation Supervisor (or designee), and a school administrator.
- C. After the parental request, it shall be the school administrator's responsibility to schedule the conference and notify the appropriate parties.
- D. The Transportation Supervisor will have final authority following the conference.

Any suspension will remain in effect pending the outcome of the conference.

Security Measures

Audiovisual recording devices are installed and used on District buses for the purpose of improving safety and discipline. Eagle County school buses may be equipped with videotaping equipment. It is generally designed to provide a video taped record of behaviors inside a school bus. Misbehavior discovered by viewing videotapes may result in disciplinary action. Under no circumstances will tapes be released to anyone outside the District, except as required by law. They will be treated as protected records under the Family Educational Rights and Privacy Act.

Restoring Order

If a bus discipline problem is so disruptive that the driver feels it is unsafe to proceed, then the driver will safely park the bus until order is restored. This can result in route delays, but the potential danger of proceeding with an extremely unruly busload of students outweighs the bus being late.

At a last resort, drivers are instructed to return unruly students to their school.

ECSD BUS PASS PROCEDURES

Please go to the transportation web-page to sign up for the Smart Tag Parent Portal

Obtaining a Bus Pass

All students will be required to have a Smart Tag Bus Pass to ride a bus. To obtain an initial or replacement Smart Tag bus pass please contact the Transportation Department at (970) 401-9465, (970) or 401-9464 para Español. Cost for replacement bus passes is \$5.00 for the first, \$10.00 for all additional passes. Payments may be in the form of cash or money order or online using your School Bucks account. The driver will issue your student a receipt upon request.

Lost or Damaged Bus Passes

Students that have lost or damaged their pass will be required to purchase an additional pass prior to riding the bus. Once the pass has been purchased the student may ride until they receive their new pass.

If the student fails to bring the required fee for the lost pass the next morning the driver will contact the parent and issue a Behavior Concern noting the failure to provide a bus pass. The student will be taken home that evening. On the third day (without the appropriate payment) the student will be brought to school but will not be allowed to access the bus for transportation home and thereafter until the pass is located or until the fee for bus pass is paid.

Placement of Bus Passes

It is recommended that bus passes be placed on the right side of a backpack for easy access to the bus scanner or be worn around the neck by a lanyard. As long as the student is able to quickly scan their bus pass for each ride, the bus pass may be placed wherever the holder pleases.

Continuous Loss of Bus Passes

Students that continuously do not produce their bus pass will be treated using the Consequences of School Bus Infractions, Rule #1 and receive the appropriate level of discipline as spelled out in prior paragraphs herein.

Hazardous Weather Conditions

In an effort to improve procedures for dealing with hazardous weather situations, the administration of Eagle County School District has developed the following guidelines. We hope they will be of assistance on these occasions.

Television Channels: KWGN – WB2, KMGH – 7, KUSA – 9, KCNC – 4, KVBA –TV8, FOX 31, ECO-TV–18

Radio Stations: KTUN -95.3, KKCH – 92.3 or 92.7, KSKE 101.7, KZYR – 97.7, KQSE- 102.5, KOA 850AM

In the event that a decision is reached to cancel school bus transportation, every effort will be made to have such information on the air by 6:30 AM. If no announcement is made on the stations, assume that school buses **WILL** run and no other adjustment is planned. Information will also be available by calling 328-6321 and on the website at **eagleschools.net**.

It is the responsibility of parents/guardians to make contingency plans for the care of their children in the event that school is canceled or students are released early for whatever reason. It is suggested that in very cold weather children be warmly dressed, and are instructed to return home if the bus is 30 minutes late or more. In severely cold weather students need only wait 15 minutes.

District Policy JICC (also EEAEC) for Student Conduct on Buses is available at eagleschools.net or by calling 970-328-6321.

Helpful Reminders

- Student's need to arrive at the bus stop 5 minutes before the designated bus pick up time.
- Student's should have their Smart Tag *bus pass ready* to scan on and off of the bus.
- Students are required to wait 30 minutes past the designated leave time in case the bus is running late.
- For safety reasons bus drivers are instructed **NOT** to wait for latecomers who fail to arrive at designated pick-up points at the scheduled time.
- Never allow your student(s) to cross behind a school bus.
- Wait for your student(s) at the bus stop and cross 10 feet in front of the bus using the red stop sign.
- Never attempt to drop your student(s) at any location other than their assigned bus stop.
- Bus loops are for buses and emergency vehicles **ONLY**. Please stay out of these areas at all times.
- Students should carry their student ID with them at all times.
- Drivers and cyclists are required by law to stop and remain stopped when the school bus has its stop sign activated. This indicates that students are loading or unloading.
- State law states that all traffic must stop for pedestrians in designated crosswalk.
- The Transportation Department will make a reasonable effort to return items left on school buses to their rightful owners.
- The driver and/or ECSD is not responsible for lost, stolen or damaged items brought onto the bus.
- Before pulling in front of a larger vehicle allow ample time between you and the larger vehicle. Larger vehicles need more time for braking and are not able to stop quickly.
